THE ATELIER

Preserving Emotions

Emotion Totes by Gold Petal Atelier are ready-to-place luxury floral gifts:
preserved and dried florals, packed in a reusable branded tote —
crafted for interior decorating companies, hotels, boutiques, and private clients.

Every style is built only from stems practical to source in Kunming, Yunnan:
preserved roses, preserved hydrangea, preserved & dried gypsophila,
preserved bunny tail, dried oats, small pampas, dried amaranthus, and foliage.

No fresh-cut dependency. No water. Long-life display elegance.

Same tote chassis across the collection — beige jute, leather handles,
gold Atelier mark, tagline Preserving Emotions. Only the colour story changes.

ONE-LINE PITCH

Emotion Totes — 22 Kunming-crafted luxury colour stories,
one Gold Petal tote. Blooms that arrive finished,
in a bag that keeps delivering after the flowers fade.
